Re: Figure Copyrights

The original source for the information presented in Figures 9 and 10 of this manuscript come from my dissertation work at the University of Washington.

Lipo, C.P., 1999. Science, style and the study of community structure: an example from the central Mississippi valley, Ph.D. Thesis, Department of Anthropology, University of Washington, Seattle.

I hold the copyright to this publication and hereby release the figures for the PLOS One publication of "A Theoretically-Sufficient And Computationally-Practical Technique For Deterministic Frequency Seriation " by Lipo and colleagues. Please let me know if you need any additional information.
